## Get Healthy with Audrey: *The Importance of social connection*

Research shows that social connection is one of the best stress busters out there and that it lifts our mood even when we initially feel reluctant to connect with others. For those of us with feelings of social isolation from the COVID-19 epidemic, it is more important than ever. This could involve a call to an old friend to catch up or a video call over a cup of coffee.

Check your cell phone for the DUO app which can be used by both android and apple phones. It's second best to being face to face.

## Marketplace

Appointments are now available for December 7<sup>th</sup> and 11<sup>th</sup>. Call Gabriella to book an appointment at 407-521-6335 x145.

**Please see below for a few new rules regarding the Marketplace effect immediately.**

- If you call to book an appointment and there is no answer, please leave a voicemail so Gabriella knows to get back to you as soon as possible. Gabriella will make sure that no additional spots are taken before your call is returned.
- If you do not receive a call back you can assume all available spots have been filled. Due to an increase in calls, Gabriella will no longer be able to return calls when appointments have been filled.
- In order to allow more residents to visit the Marketplace, residents will no longer be able to book appointments two months in a row. For example, if you book an appointment in December, you will not be allowed to return until February.

Thanks in advance for your understanding as we make adjustments to this new program.
